I don't know how to transfer the control? A: You can't transfer the control in the current Session, but you can transfer it in the next one. PreserveSession=true should do it. Note that you can't mix Session=false with a preserved Session. Documentation here. Why are the Arab world's five big business families so keen on the FDI idea? Saudi businessman Abdul Latif Jameel. (Image: AP) The economic affairs committee of the Saudi Shura Council, a consultative body of decision-makers, recently recommended opening up much of Saudi Arabia to foreign direct investment (FDI) in a wide-ranging law that, if approved by the council, would mark a big step forward for the kingdom, which currently imposes some of the world's tightest restrictions on foreign investment. While such a move is unlikely to go anywhere in this its first legislative reading, what these proposals mean and how much they might be diluted, reform-minded proponents say, could have a lasting influence on the kingdom's economy. After all, with FDI, even Saudi Arabia could benefit from the brainpower of global companies – on the assumption that FDI in the Arab world is as successful as it has been in the West, which is not the case yet. The committee's proposals are a slightly modified version of one promoted by the Council of Economic Counsellors – the country's top business-oriented think tank – in October 2012. In a paper titled “The Possibility of the Reopening of Saudi Arabia's Economy in a Safe Environment for Foreign Direct Investment”, it argued that FDI offered huge, positive economic benefits for the kingdom, in terms of attracting foreign capital to the kingdom, creating jobs, stimulating the private sector, and keeping up the kingdom's investment in education and R&D. These benefits, the paper's authors argued, would grow exponentially if the government leveraged the ability to provide goods and services to companies in other countries. By limiting the supply of electricity and water, for example, Saudi Arabia had deprived its companies of a powerful source of competitive advantage. So what's driving the change? Given the strength of Saudi business lobbying, the answer is a good question. But it does appear that five massive business families – the Jameels, the Binladins, the Assa
