**FEATURE OVERVIEW** HyperMotion Technology brings to life the world's most realistic, high-definition and player-powered soccer experience on Xbox One. Use both your hands and feet to dominate the field and make the most of the chaos that unfolds in the "living" pitch. The refined ball physics and control mechanics are enabled by the full and dynamic movement of the players, delivering highly responsive and playful gameplay that has never been possible before in soccer video games. **KEY FEATURES** Custom and League Modes Create your own "Real Life" custom leagues and play against friends in competitive online matches. FIFA 22 features an unprecedented level of customization for new and existing leagues; you can create your own competitions to play online and even develop the format of your own classic national leagues. Digitally Enhanced Player Animation An upgraded player model, movement and interactions bring a level of authenticity that's never been possible before in a soccer game. Even the crowd reacts to every goal, assist, foul and fan outburst as the players do in the real world. FIFA Player Controls Use your every movement to control the ball and find the goal. Every kick, pass, dribble, spin and shot that you deliver is turned into a chance to score with the game's improved timing-based goal model. Football Shootouts FIFA 22 features brand new goal celebration modes, including a customizable Player Jig Jaunt where you can dance to the music of your favorite pop hits. Get in the mood for a fight with a new Focused Goal Frenzy, where you get the goal you seek with a combination of strikes and swerves. And celebrate with explosive football celebrations like the "Goal Dance" or the "Cannonball" to ensure the fans are right there with you. Realistic Playing Fields FIFA 22's refined physics and ball movement help create the most authentic soccer pitch ever seen in a video game. The highly responsive motion of the players and ball, along with the consistency of the ball's behavior, create the feeling of being on the field with high-intensity players.
