It can be used both as an adjective and an adverb. The adjective form of messy (fully messy) can also be used as an idiom meaning, "To get mad, angry or annoyed" (Example: "Jag blev fullt messig när jag såg vad som hände"). The adverbial form of the word also meaning "with lots of unnecessary objects", "in an undefined or messy state", or "in disorder" can also be used. Example: "Jag är fullt med olägenheter" - "I am full of annoyances." "Jag är fullt med ungarna" - "I am full of the kids." "Stolen är fullt med småsaker" - "The apartment is full of small stuff." When used in relation to washing and cleaning, it has a further meaning. "Köpt i fulls mess" - "I bought in full." Q: Appending to the right of an existing list I have a python list and I'm wanting to add something to the end of the list. I'm having trouble figuring out the syntax of it though. I think you have to append to an empty list like: `accounts_ = []` `accounts_.append(name)` but I don't know if this is right. I'm wanting to add a new item to the end, just like an `html.append` function, but also the opposite of it too, and it's not working out for me. A: You don't need to create a new list. Just do this: `accounts.append(name)` [Increased serum concentrations of sialic acid in patients with sudden hearing loss]. We conducted a prospective study of 52 patients with sudden hearing loss. All patients received a routine examination consisting of medical history, pure tone audiometry and brainstem evoked response (BER) testing. Serum concentrations of sialic acid were also determined in all patients. Serum sialic acid concentration was significantly higher in patients (64.5 +/- 10.9 microg/ml) than in normal controls (58.2 +/- 10.6 microg/ml, p Hydrodynamic behavior of (nano)capsules encapsulating organic liquids. (Nano)capsules encapsulating organic molecules may be present in many biological and industrial processes, and hence there is a need to understand how their behavior is affected by environmental changes such as flow, which are not only related to encapsulation efficiency but also to the release of the trapped material

I used this a long time ago. I can never remember the name. A: There is Quickbooks Personal. Monday, 12 May 2013 Blonde Bombshells Monday | #MixedMedia #Art One year ago, I started work on the Blonde Bombshells series. I followed the original painting by Dionne Bolles over the next couple of years, and then I set about producing a new body of work. For the first time I have taken to creating the images first, rather than beginning with the paintings. I'm one for having a start, a definite idea, and then I'll work away for a period of weeks, months even. It's much more satisfying

than trying to be totally spontaneous. Blonde Bombshells The idea of this series sprang up during a visit to Hamilton. I was walking through the streets when I looked down and saw a group of girls standing in the sunshine, smoking and chatting together. They looked so young, so innocent and carefree. I felt something heavy in the pit of my stomach, making me feel old and cynical. As I watched them, I began to wonder what their lives would be like. Where did they come from, these young girls, these young strangers, these young girls I would never meet. I was drawn to the blondes - the smooth blonde hair, the wide blue eyes, the white or almost pink complexion. When I came across a blonde in the flesh, I wondered what else might be happening. But I never pounced. I didn't want to
