This is one of the greatest Labyrinth ever written, this novel is a must read for all students. A light hearted look at good old stereotyping and prejudice and the result is a very good read. The plot twists at the end of the book are superb as the author throws in a surprise after the ending of the book. At the end you will thank the author for making you wait as there are some superb twists and turns. Well worth reading. Nice plot and twists. In the end, the characters are likable and the conclusion is a good cliffhanger. Great for both males and females. It's a book everyone should read. Labyrinth it was a good book. I like the way the labyrinth was portrayed. I also like the ending of the book. My only suggestion to the author would be to make the book shorter. The plot twist was awesome, although I do believe that the ending could have been a bit more powerful. For example, the author could have shown more about the relationship between the characters. My favorite character was the maze-keeper. I thought he was the best character in the book. He was a good guy who had a good heart. I could see a lot of myself in him. However, he was so gentle, that I didn't see him being physically able to do the things he did. I also thought that the twist at the end was pretty darn good. If the book were a bit shorter, it could have been even better. I would suggest that it be shortened by about 15% of the total number of pages. Labyrinth is a very good story and the characters in the story are extremely well done. The plot twists and turns are just fantastic. The story is very deep and will give you a lot to think about. I would definitely recommend this book to anyone. Labyrinth is the story of Bernadette Cavanaugh, a young lady who is one of the most beautiful girls in her community. She is also the only female who loves the labyrinth. She is also a member of the school board, but that isn't why she was elected to the board. She got elected because she is the perfect age to be on the school board, and she is also a beautiful young woman. Labyrinth takes place on the school board, where this beautiful young woman tries to use her beauty to get her way. A councilwoman tells Bernadette that if she wants to get everything that she wants, then she needs to use her beauty to get it.
