## Constantine 2005 ITALiAN AC3 BRRip XviD T4P3

in the film constantine, john constantine is a recurring character who is a demon hunter. constantine was inspired by a number of characters, such as the dc comics character zatanna. in the film constantine, john constantine takes on the form of a black man with a skull for a face, a red and white striped tie, dark clothing, and a strange accent. in the first incarnation, constantine's powers of exorcism, necromancy, and divination are initially that of a demon, although they are subsequently upgraded to a mystical "spiritual energy" known as dark magic. in the film constantine, john constantine lives in london. when he was an apprentice demon hunter, he saved the life of a young girl named mina murray, who he subsequently fell in love with. after constantine became a demon hunter, he lost mina, but found her again a decade later. while on a case with her, he met camilla, a policewoman with whom he became romantically involved. after one of constantine's cases, he was asked to investigate a man named anton, who was planning to open a supernatural bookshop in london called, "the necronomicon." constantine was ultimately successful in stopping anton's plan, but in doing so had to sacrifice his soul in order to save the world from the chaos that would have resulted from anton's bookshop opening. constantine's primary weapons include the "book of shadows," which contains a spell that allows him to call on the four horsemen of the apocalypse, a belt that allows him to levitate himself and others, a ritual dagger that allows him to call upon various spirits, and a staff that allows him to command and control demons. 5ec8ef588b
