Burning Studio Free is one of the best tools for creating a disc, but the simple interface could be daunting for some. SuperMediaCD, on the other hand, is a must-have disc creator and disc burner. It can burn ISO files and setup a slipcover. But be assured if you are looking for high quality, high speed DVD to MP4 conversion, your best choice is the DVD Ripper by DVD X Studios. Based on MacThe Ripper and H.264, it allows you to convert DVDs to MP4 format with edit functions. The Mac video conversion software from DVD X Studios is called MacThe Ripper. It is possibly the best DVD ripping software in the market, and it has built-in DVD Ripper to perform batch conversion. If you have a large number of DVD discs, MacThe Ripper will be the best choice to meet your needs. Generally speaking, different kinds of video converters have their own pros and cons. For starters, Handbrake and its clones are free while the DVD Ripper from DVD X Studios is not free. On the other hand, Handbrake is only available for Mac OS while iSuperDVD ripper is available for both Mac and Windows.
