In 1981, almost at the same time he released Merry Christmas Mr Lawrence (aka Merry Christmas Mr Lawrence Flac) a remake of a 1975 film Merry Christmas, Mr Lawrence, Ryuichi Sakamoto teamed up with David Sylvian to create Yellow Magic Orchestra. They formed the band with the goal of combining jazz and world music, electronic music and rock music. Together they released six albums and collaborated with art pop legends, including Marina Diamandis, Laurie Anderson, Yoko Ono, Glenn Branca, and Laurie Anderson. Inspired by this amazing collaboration, David Sylvian is pleased to be making these live tracks for this special occasion, and Makoto Yoshizawa has performed the original music for the original Merry Christmas Mr Lawrence. Sylvian and Sakamoto are inseparable soul mates who share a deep understanding of music, art and each other. Sylvian's performances have a certain intensity and suspense, very similar to a jazz performance and this can be clearly heard on the songs tracks. ## Ryuichi Sakamoto Merry Christmas Mr Lawrence Flac

Not only are the jingles in Japanese, but there are an awful lot of Japanese covers. Some of them I know, like Vangelis, Ambient Zone, Pheloung, Brian Eno and Ryuichi Sakamoto but others are completely new to me. The dancehall interpretation of Twin Peaks Theme, for example. I imagine these are Japanese jingles for producers and record companies and in that case they do the job perfectly. The only other problem I can detect is a minor unclean-sounding cut on Ryuichi Sakamoto's Coda number. The cover of the original is in terrible condition and I rather like the cheesy computerised animation. Merry Christmas Mr Lawrence is a 1983 Japanese war drama written and directed by Nagisa Oshima. The film stars actor Takeshi Kitano as a Japanese soldier assigned to guard a former bureaucrat, played by David Bowie, who as a young man experienced the horrors of the Tokyo firebombing during World War II. It has been called a masterpiece of both directing and acting. The film was originally released in Japan under the title [Happy Christmas, Mr. Lawrence](#). In the United Kingdom, the film was released under the title Merry Christmas Mr Lawrence and the U.S. as The Mourning Bride. It was released under the title Happy Christmas, Mr. Lawrence in the United States, due to copyright disputes. Merry Christmas Mr Lawrence was such a success in Japan that it was remade there as the anime feature Mr. Lawrence No.Zoo, also starring David Bowie. This second version was released as Merry Christmas Mr. Lawrence No.Zoo in the UK, while in the U.S., it was released simply as Merry Christmas, Mr. Lawrence. 5ec8ef588b
