"the film is very interesting and entertaining. also the dialogues are pretty good. though i don't know why the other two characters were not given any importance. there is one scene in the middle of the movie in which all the characters are shown with a chorus. if there was any other film with a chorus at that point of time, it would have been a big hit. i like the shots of the hero with the kudam (knee) which is part of traditional tamil wear. the special effects are pretty good."
