Those who would serve in the Chamber of Secrets must first prove their worthiness, and therefore each Space Marine who is allowed into the Hall is one of fortune's greatest gifts. The rewards are great for those that survive the battle, for only then will they be known to be worthy of a true place amongst the Legion. Those who survive will learn the secrets of the Chamber of Secrets, or they will die there, ensuring them of no mercy. Fascinating and terrifying are two words to describe the Space Marine Chapter: Raven Guard. During the final moments of the Great Crusade, the Word Bearers changed, and a horde of hellish monsters known as the Traitor Legions introduced the horrors of the Warp to our universe. The Raven Guard, composed of the last remaining members of the Chapter, remained to face this challenge to the very fabric of the Imperium. Like a thousand star forges, the two races of the Traitor Legions beamed their weapons and energies into the Imperium, creating hell on earth as they fought for the permanent deformation of our entire reality. A superlative evolution of all that it means to be a Space Marine, the Grey Knight are selfless warriors who risk all to hold back the threat of Humanity's eternal damnation. Just as the battle-brothers of the Grey Knights are a superlative evolution of all that it means to be a Space Marine, so too does their Chapter Armoury contain some of the greatest war machines in the Imperium. While they excel in combat against the creatures of the warp, they will fight any enemy that threatens Humanity, even those from within the Imperium itself. Unleashing their psychic might, nothing can stand in their way.
