Now, for the bloodsucking elite or as a bloodsucking traveler, Castle Volkihar is a home fit for them. And, to be honest, it would be impossible to make it even better, so enjoy what was made by it and may the odds be ever in your favor. Castle Volkihar Redux is the ultimate Vampire Castle for the true Kings of Skyrim. With the Dovakain update, a player can choose to be a member of the Volkihar vampire clan or be part of the Dawnguard. The character will be granted the title Lords of Castle Volkihar and the castle will then belong to them. New towns, a Vampire pool, new follower ready rooms, the ability to travel to multiple locations, and much more! After you finish the quest The Kindred Judgement as either a member of the Volkihar clan or the Dawnguard, ownership of the castle will fall to you. You can then personalize the castle with your own design from the ground up and create an exotic new home for your character with no limits. Download Mod 15. Rabbit Hole Dungeon The Rabbit Hole Dungeon mod produces a vertical burrow of a dungeon, as implied by its name. The dungeon goes 50 levels deep into the ground and offers a lot of adventure for players. The dungeon has different enemies in each of those 50 levels. You must beat all the enemies on a particular floor to proceed to the next floor, like an arena action-adventure game. This makes the dungeon more challenging, as 50 levels of enemies is a lot to take on. The dungeon also changes every time you revisit it, making sure you get a new experience every time.
