Their publication was the last book of the same name by this author, and the book itself was the last book of the same name that was published by Structural Analysis and Simulation. This book was an integral part of the series "Instructions for the Study of the Foundations of Engineering". I never thought that it was going to be published before in the new designations of the series: "Instruction for the Study of the Foundations of Engineering, Volume II". I am not sure if the same person (R. C.
