## What's New In Gold Icons Set 1?

Gold icons set 1 is a high quality collection of icons that you'll be able to enjoy onto your home computer. Since al lthe icons that are bundled in the pack come in the PNG file format you can use them with your dock applications. Al lof the icons that come in this pack have been specifically designed to match each other. Although the developers that have made this pack have tried to keep the ideas of icons unified, nevertheless the layout has been drawn in such a way that you can use any icon from the set as a lead for your other icons. The pack contains 70 unique icons in the PNG file format and of course comes with an XCF file of the same name. Al lthe icons can be used in any applications. 2. Usage instructions: You will get a XCF file as a standard for this pack. In order to use the icons you'll have to copy the XCF file into your artboard in Photoshop. After you have copied the XCF file and the PNG file into your artboard, you will have to replace the XCF file with the PNG file. Doing this, you can use the icons you have just copied in your Photoshop. 3. Next steps: If you want to have more of the icons that come in this pack or any of the other icons that you have seen in the Photoshop Elements blog, then make sure that you subscribe to our RSS feed. Note: These icons are created by Moo.Art, not by Photoshop Elements. This icon pack contains a large variety of icons: weather icons, icons for social networks, icons for emails and many more. The icons are created in the highest quality and are available for FREE! This pack includes 14 weather icons in a PNG file format. Each icon is made in 16x16 pixels and of course comes with an XCF file of the same name. All the icons can be used in any applications. The pack contains 14 unique icons that you can use to indicate weather. The icons have been created in such a way that they can match each other as well as possible. You will get a PNG file as a standard for this pack. In order to use the icons you'll have to copy the PNG file into your artboard in Photoshop. After you have copied the PNG file and the XCF file into your artboard, you will have to replace the PNG file with the XCF file. Doing this, you can use the icons you have just copied in your Photoshop. 4. Usage instructions: You will get a XCF file as a standard for this pack. In order to use the icons you'll have to copy the XCF file into your artboard in Photoshop. After you have copied the XCF file and the

PNG file into your artboard, you will have to replace the XCF file with the PNG file. Doing this
