What's New In Webs Waterdrops Theme?

Cobweb is used for web themes in raindrops, theme style. There are six themes to choose: single raindrop, triple raindrops, raindrops in a window, raindrops in a web, raindrops in a dome and spider cobwebs. Usage: 1.After selecting one of the six theme, the user will then see a unique raindrop. 2. The user can choose any option in the raindrop to change its size, direction, and color. 3.If users want to change the background, they can choose a new background from the drop of our raindrops or pictures in the background. Waterdrops is a fun and exciting theme which is very popular in the market. I am so excited to introduce it to the world! I have been planning for a long time to create this theme and it is very finally I release it to you now. Well, the first question in your mind is, "How to change the background color?". The good news is, you don't need to do anything to change the background color. Just to change the color of the raindrops, it is as simple as changing the color of the text. Features: The theme features many useful features to make your raindrops more interesting. 1.Raindrops: The theme offers different color themes, 8, 16, 24, 32, 64, 128, 256 raindrops. You can choose any number of raindrops to make the raindrops look more beautiful. The color of the raindrops can be changed as you like. 2.Drop Spacing: The user can set the distance between the raindrops. 3.Size: The user can choose the size of the raindrop. 4.Double Raindrop: The user can select whether to make the raindrops to be double or single. 5.Drop Shape: The user can choose the shape of the raindrop. 6.Waterdrop Shape: The user can choose the shape of the waterdrops. 7.Fire:The user can set the temperature of the fire. 8.Transition: The user can choose the transition effect between the previous and next raindrop. 9.Glow: The user can choose the color of the glow. 10.Animations: The user can choose the animations. 11.Rotation: The user can choose the rotation of the raindrops. 12.Other features: The user can choose to change the font, the size and

the position of the raindrops. And here comes the most important feature. The theme can save your customized settings. The user can see which settings are selected in the setting window and can also choose the settings to be saved. What's more, the theme supports multiple raindrops so that users can choose the best settings for different occasions. The more raindrops are selected, the
