Variation in the stable isotope ratios of carbon and nitrogen in hair and antler from Dama sambar (Cervus dama), sambar deer (Cervus unicolor) and domestic cattle (Bos taurus) were analyzed. The two Dama samples from one population were found to be significantly different from the domestic cattle, but not the sambar deer. This preliminary conclusion needs further confirmation as more Dama samples from different regions and groups are tested.Q: Menu bar on top of GTK textbox How can I make a GTK menu bar on top of the GTK textbox with have a border, and not the top of it? A: Since the GTK documentation is pretty good, the following CSS is the solution: top-margin: 4; -gtk-menu-line-height: 10; It is possible to do all of this with CSS, the hard part is the cross-theme (i.e. GTK themes vs. CSS themes) but it is definitely doable. I think I might add a gtkrc variation, but to do that you would need to know the answer to a question that is probably in the documentation. court.

It is true, as relator points out, that the order was entirely unnecessary, as the direction was voluntarily given in open court. But it is not open to question that the court had authority, under Article 189 of the Code, to make the order. The power of the court under Article 189 is not confined to directions given in open court. Its discretion is broad and not limited or restrained by the terms of the statute. It may, in a proper case, speak to the clerks or attorneys at law at private conferences. It may put its direct
